

## SANTA'S SURPRISE

The children of the Holly family are getting ready to open their presents from Santa.

The children; Alex, Charlie, Harry and Sam, take it in turns to open their presents. They receive a train, a teddy bear, a book and some building blocks.

Your job is to determine, from the clues below, who received which present and in what order they opened them.

### Clue 1

The child who opened their gift first received the book.

### Clue 2

The child who opened their present last received the train.

### Clue 3

Alex opened their present immediately after the child who received the teddy bear.

### Clue 4

Sam opened his gift immediately before Charlie.

### Clue 5

The four children were the recipient of the teddy bear, Alex, the person who opened their present first and Harry.
