

The Georgian Shop
Risk Assessment: Current Covid19 Guidance
Reviewed 25 August 2021

The Georgian Shop will strictly observe all Government guidance. This includes, but not limited, to:

- a) <https://www.gov.uk/coronavirus>
 - b) <https://www.gov.uk/guidance/working-safely-during-covid-19/shops-branches-and-close-contact-services>
 - c) <https://www.gov.uk/coronavirus/education-and-childcare>
2. Before attending the Georgian Shop, all parents, children, suppliers, visitors (collectively as customers) should self-assess for COVID-19 symptoms (a high temperature; a new, continuous cough; a loss of, or change to, their sense of smell or taste). If customers have one or more of these symptoms (even if they are mild), they are advised not to attend the Shop, and to follow [NHS guidance on testing and self-isolation](#).
 3. Customers are asked to consider their own health and circumstances (for example, if they are not yet double-vaccinated or they live with somebody vulnerable), so they can make an informed choice about whether they wish to visit The Shop . This Risk Assessment sets out the safety measures we have put in place, and how we will mitigate any specific risks associated with The Shop
 4. Customers should not visit the Shop if they need to self-isolate (for example, because they have tested positive or are asked to self-isolate by NHS Test and Trace). If customers are displaying any COVID-19 symptoms (a high temperature; a new, continuous cough; a loss of, or change to, their sense of smell or taste), we will advise them not to attend, even if these symptoms are mild. The following links contain guidance on what you should do if they [live with](#), or have [close contact with](#), a positive case.
